## Holy Week-Easter Hymnal

This hymnal contains all the music of the Holy Week and Easter services as sung by the chanters and the choir, with markings for the corresponding pages in the small black service book, referencing the beginning and ending of each hymn and the order of the services.

The music is in staff notation and follows the traditions, rules, and rubrics of Byzantine chant for both languages.

Although this hymnal is primarily for the use of chanters and choirs, any person in the congregation wishing to sing with them could use the hymnal along with the service book. This Hymnal is a true blessing for the psalti, by eliminating the need to improvise melodies.

The Hymnal Hardcover book has 512 pages, weighs just 1.3kg, and is a comfortable size at 11.25" tall, 9" wide, and 1.25" thick.
